File Sharing Jason Porterfield 2014-07-15

Millions of files containing songs, videos, software, documents, and other materials are exchanged online every day through file sharing. While some file sharing is legal, in other cases people copy and trade copyrighted products such as music and movies without paying for them. This title presents the basic facts, history, and legal and ethical dimensions of the file-sharing debate. Readers learn about key copyright issues for sharing online materials, including how to avoid piracy, exchange files legally, and protect their own creative work, knowledge that is critical for 21st-century digital citizens.

File Management Made Simple, Windows Edition

Joseph Moran 2015-11-20

Managing data is an essential skill that every PC user should have. Surprisingly though, a large number of users--even highly experienced users--exhibit poor file management skills, resulting in frustration and lost data. This brief but invaluable book, File Management Made Simple can resolve this by providing you with the skills and best practices needed for creating, managing and protecting your data. Do any of the following scenarios sound familiar to you? You've downloaded an attachment from your e-mail, but aren't sure where you downloaded it to. You spent an entire evening

working on a document only to discover the next morning that you didn't save it to your flash drive like you thought you had? Maybe you had a guest visiting and wanted to share with them the pictures you took of your kids recital, yet when you went to get them you were unable to recall where you stored them on your PC. Or you scanned your receipts for your expense reports on day and came back the next day and scanned some for another report only to find that the new ones numbered Scan 1, Scan 2,... still exist. Unfortunately, for a vast number of PC users, scenarios like these are all too common. These situations are not only extremely frustrating for the user, but also tend to discourage them from ever wanting to touch a PC again! Why is that? What is the common

factor? It's simple really. Each of these issues can be attributed to poor file management skills. In my experience, the people with the worst file management skills are simply the ones that lack an understanding of how to navigate the Windows operating system. However this situation can be easily rectified. And once you can successfully navigate your computer's drive and folder structure, you'll be hard pressed to misplace anything. Although this process can seem daunting to the uninitiated, this isn't black magic. In fact, it's actually quite simple. Keeping your files and folders organized on the computer is no more difficult than keeping them organized in real life. There is a place for everything and

everything has its place. We will show you how to navigate Windows correctly and efficiently. Where specific types of files should be stored. We'll also show you how best to name and manage your files; such as using descriptive folders to identify files, implementing the best naming conventions for files and directories, and how to group various types of data together; ensuring that the data you need is always readily available. Finally we'll introduce you to some of the best options for transporting and protecting your data. We will show you the skills you need to easily manage your data, using clear and simple English, without the confusing technical jargon. All this and more can be accomplished with File Management Made Simple by your

Bernstein 2020-03 If you use a computer at home or at work on a regular basis then you should be familiar with the concept of files and folders and how you have both of them stored on the hard drive of your desktop or laptop, and without access to these files and folders it's hard to get your work done. Knowing how to manage these files and folders is essential if you want to become a proficient computer user and if you can't easily find them or know how to properly manipulate them, then becoming a so called computer expert will not be possible. Once you learn the basics of how the Windows file structure works and how to do things like copy files and search for files and folders on your computer, you will realize how it makes almost all of your other

computer tasks easier. The goal of this book is to make you a file managing expert without confusing you in the process. You will be taken through the material step by step in an easy to follow format while being provided the information you need to be able to master the topics at hand. The chapters in the book cover the following topics: Chapter 1 - Why You Need to Know How to Manage Your Files Chapter 2 - The Windows File System Chapter 3 - Windows Default Folders Chapter 4 - Manipulating Your Files and folders Chapter 5 - Searching for Files and Folders Chapter 6 - File and Folder Permissions Chapter 7 - Other File Management Tasks About the Author James Bernstein has been working with various companies in the IT field since 2000,

Musculoskeletal Imaging

Felix Chew 2012  
Musculoskeletal Imaging, Third Edition, features almost 400 cases drawn from the teaching files of leading medical centers. These practical cases encompass all imaging modalities-- including radiography, CT, MR, nuclear medicine, and sonography--as well as all categories of musculoskeletal disease, including trauma, tumors, joint disease, endocrine, metabolic bone disease, and more. Organized by anatomic region, each case follows a consistent format and is presented as an unknown diagnosis with brief clinical history, images, description of findings, differentials, diagnosis, and discussion of care. This format simulates the experience of working through a case with an expert consultant,

making Musculoskeletal Imaging an ideal resource for sharpening diagnostic skills for those preparing for board examinations or for reinforcing practical knowledge. Sullivan File CB Samet 2021-07-21 She's caught in a wicked scandal of illegal activity. He's her only hope of survival. Jessica Ong saves lives in her ICU but never imagined she'd be caught in a scenario where she would have to save her own. When she's accosted by men searching her apartment for a mysterious USB drive, she embarks on a face-paced hunt for what information is worth killing for. What's worse? She's forced to work with her ex-boyfriend and security expert, Reece Owen. Reece guards lives and uncovers secrets for a living, and yet finds himself unprepared when

having to protect the feisty ex-girlfriend he distanced himself from months ago. While he tries to help Jess untangle from her dangerous predicament, he must reconcile with emotions he's avoided. As enemies close in, can they uncover the truth to set them free? If you like action, adventure, and strong female leads, this is the series for you. The romance is medium with heat with some explicit language. Each novel shares characters, but they are also their own happily-ever-after. \*\*\* "This is the 6th book in the Rider File series but can be read as a standalone. 2005-11-29 THE SECRET  
HISTORY OF AEON FLUX Spy  
? Assassin ? Seductress  
Her instincts: honed for  
survival. Her psyche:  
primed for anarchy. Her  
body: sculpted for  
action. She's Aeon Flux,  
a lethal, leather-clad  
spy who cuts through a  
brutal swath of  
subterfuge through  
Bregna, a hi-tech  
society controlled by  
her nemesis, Trevor  
Goodchild. But Trevor's  
and Aeon's bond is  
deeper than that of  
assassin to tyrant, and  
the mystery that drives  
their twisted  
relationship has  
remained as impenetrable  
as Aeon's padlocked  
chastity belt -- until  
now. THE HERODOTUS FILE  
This explosive file of  
classified intelligence  
reveals Trevor  
Goodchild's chilling  
plan to consolidate  
power by erasing history  
-- and the hiring of

mercenary agent, Aeon  
Flux, to transform his  
plan into an Orwellian  
reality. Crammed with  
transcripts,  
surveillance, and memos,  
the file explores the  
dark corridors of Aeon's  
mysterious life,  
bringing into question  
her ultimate allegiance.  
Is Aeon truly loyal to  
Trevor's vision of  
Bregna? Or is she  
stealthily subverting  
his plot from the inside  
out? This stunning file  
tells a story of  
intrigue and treachery,  
of domination and  
submission, of love and  
hate so perverse, it  
could only spring from  
the otherworld of Aeon  
Flux. The television  
series, Aeon Flux, is a
